ANNOUNCEMENTS AND MEMBER COMMENTS

GENERAL HANDICAPPING MATTERS NEW RATINGS

- 3) **Melges 131.** Sail #131. Melges 24. 84/60/54. Consent Agenda. MSP.
- 4) **Alibi.** Sail #56383. Beneteau Oceanis 321. Don motions 168/168/168. MSP. SoCal rating.
- 5) **Spirit of 76.** Sail #56396. Catalina 36 MKII. Like Everfit in SoCal. Motion 144/144/144. MSP. SoCal rating.
- 6) **Molly Anna.** Sail #56380. Catalina 27M. Oversize pole (J=11.3', pole = 11.8'). Base boat 204/204/204. Motion 201/201/198. MSP. SoCal rating.
- 7) **Condor.** Sail #47. Columbia 50. Incorrectly given. Mast is original. Motion 96/90/90. MSP. SoCal rating.

- 8) **Magic.** Sail #51887. Beneteau First 47.7. New rig. Now has regular tall mast. Added 10% penalty pole. Also added mast-head spi. According to owner, 10% pole adds 100' of sail area. Mast head spi also adds 60' of sail area. Some question as to the correct measurements for sails and rig. Application for SoCal rating. Boat has valid cert for rating 24/24/24 for tall mast and regular chute. No motion.
- 9) **Windquest.** Sail #28686. MaxZ86. Application incomplete. Back to SoCal for cert.
- 10) **Wild Bunch.** Sail #W51. Wylie Wabbit. Adding Asymmetrical and would like a second cert (already has One Design cert). Cannot use trapeze in PHRF. Need to find out which cert he wants for San Diego. Don will call.
- 11) **Nocona.** Sail #77456. B25. Don will call.

*All consent agenda boats approved contingent upon complete forms.

RATING REVIEWS

- 12) None.

SECOND READINGS

- 13) **French Bred.** Sail #52447. Beneteau First 44.7. Gary recapped last months meeting. Warren had worked the numbers and according to IRC stock should rate 33/33/33. According to Brian Hull, the same sail area difference for Vim saw a -9/-12/-15. Ron says that SoCal has the boat at 39/39/39. He has already taken a -9/-12/-15 from SoCal for his current rating. Ron thinks it is similar to 40.7 in speed under 10 on reaches. Slower than the 47.7 in breeze above 10kts. The boat was first rated in SoCal. The question is whether the boat was rated correctly in the first place. Gary is not sure if there is enough PHRF data to review boat. Brian thinks we should table the second reading and come back to the rating when there is more data. Brad says that anything under 12, French Bred walks away from El Sueno. Anything over 12, the boats are more fairly rated. Brad thinks that because the RLC numbers are so far off does not mean that the rating shouldn't change. Brad doesn't want to lose on rating, he wants to lose on crew work. Ron thinks Brad's perception of El Sueno's racing is not accurate – continually being late for starts and being challenged on maneuvers. Brad thinks that there is enough data to lower the RLC rating. There is no motion. The rating review is dropped.

OTHER HANDICAPPING BUSINESS

- 14) **Coup D'Etat.** Rating certs are in disagreement from SoCal and Area G. Area G should be 24/24/24 due to carbon rig.

RACE REPORTS

- 15) None.
