- OLD BOATS
- Sirocco, a J 130 - Action: Remind owner to submit data.
from Chief Handicapper: I don't have a lot of results, but the reduction in headsail size is reasonable, I suggest +4 to the current rating for w/l. Currently the boat is 24/21/21. I recommend that for the headsail reduction we go +4/0/0 to 28/21/21 – From the Board: we are skeptical about J130 stats versus submitted stats there the owner is to resubmit correct stats.
- Charisma, 60671, Grand Soleil 45 – Action: Jon Gardner to follow up with Joe Erskine about measuring these two boats. *From Chief Handicapper: 2' bowsprit, no pole – I suggest the standard could be 81/75/75, with 2' sprit, and NO regular pole I suggest*

82/72/76 – *From the Board: wait until Fleet Scorer/Measurer can measure Vanquish and Charisma.*

- Por Boys, USA 4, Columbia 5.5 – *must be measured* – Joe Erskine, Measurer, reports the boat has been sold
- May need to be reevaluated: Morning Star, 7782, Valiant 32 – Chief Handicapper suggests 168/168/168 in an email on 3/8/17 but minutes from January 10, 2017 shows: *Chief Handicapper suggests 180/180/180 with a Vote 12 yes, 0 no, 1 abstention.*

Article X. Formulas

1. Performance Factor (PF) is changed for PHRF San Diego from PHRF SoCal as follows:

- $PF = ((0.67 * LWL) + (0.34 * LOA)) * (SA / DISP)$

OLD SA Formula - $((J * I) / 2) * 1.55 + (P * E) / 2$

NEW SA Formula - $=(I * (LP * 0.01)) * 0.52 + ((ISP * SPL) * 0.66) + (P * E) / 2$

LWL = length at Waterline

LOA = Length Overall

SA = Sail area

DISP = Displacement

J = The horizontal distance from the foreside of the mast at the deck to the forestay where it meets the deck. If the mast is movable at the deck, the measurement shall be made with the mast in the aftermost position.

I = The vertical distance from the top of the jib sheave to the shear line abeam of the mast.

P = The distance from the top edge of the boom to the lower edge of the measurement band. If the boom is movable at the mast, the measurement shall be made with the boom in its lowest position.

E = The distance from the aft edge of the mast to the inner edge of the measurement band.

LP = The perpendicular distance from the luff to the clew of the headsail. It is assumed to be 155% of J except it is 105% of J for yachts not able to carry an overlapping jib.

ISP = The vertical distance from the top of the spinnaker sheave to the shear line abeam of the mast.

SPL = The horizontal distance from the foreside of the mast at the deck to the tack point on the forward end of the bowsprit pole with the pole extended to its fullest length. For fixed bowsprit the distance is to the tack point of the sail.

Proposed changes are in Yellow.

Competition Protocols:

Section II - Scoring

A. Yearly Class Championship Series Scoring

1. The Yearly Class Championship series shall be scored using the current a High Point Scoring System as defined in US Sailing's current Racing Rules of Sailing (RRS) similar to the US Sailing Note on Scoring a Long Series. PHRF San Diego's Competition Protocol, Appendix 1, shall list any membership approved change to this scoring system.
 2. All races shall count equally for the series score (not weighted).
 3. All races shall be scored using the PHRF San Diego Rating.
 4. An event's "Racing Area" is considered part of the PHRF San Diego local area irrespective of the start or finish location.
 5. Ties unresolved by the RRS Appendix A8 shall be broken in favor of the yacht with the lowest corrected time in the last race that both yachts competed in, excluding DNF and DNC scores.
- B. The races for the Yearly Class Championship Series will be formulated each year by the Fleet Executive Board and presented in Appendix 1 to the Competition Protocols for approval by the membership at the annual meeting.
- a. The listed Races and Regattas as published in the Appendix 1 shall constitute the PHRF San Diego Yearly Class Championship Series.
 - b. For a yacht to be eligible to be scored it must start the race. A DNF in a race does not disqualify the race as a "qualifying" race for the Yearly Class Championship Series.
 - c. Only PHRF San Diego fleet member yachts boats are eligible for the Yearly Class Champion awards.
 - d. The Yearly Class Championship Series scores apply to the owner, not the yacht, regardless of the number of boats yachts owned or chartered sequentially during the year. However, all the yachts owned or chartered must be in the same class to qualify for Class honors. "ADD" If an owner stops racing one yacht and begins racing another yacht scores earned from the first yacht(s) maybe transferred to the subsequent yacht(s) if all yachts are in the same class.
 - e. Scoring for each race is on a class basis.
 - f. The yacht with the best score for all qualifying races shall be that years' Class Champion. "ADD" The best scores will be counted from 51% of possible qualifying races rounded up to a whole number and a yacht must have participated in at least 51% of possible qualifying races rounded up to a whole number. 51% rounded up to a whole number may be reached by sailing multiple boats (sequentially, not going back and forth from yacht to yacht but only yacht after yacht) so long as all are in the same class.
 - g. Refer to PHRF San Diego Fleet Roster and Appendix 1, for Class assignments and Class rosters.
 - h. Skippers are required to enter and race in their assigned classes as listed on the most current PHRF San Diego Fleet Roster.
 - i. All classes will have a Championship Venue.

j. RACE SCORES: Define 'N' to be the number of yachts that compete start in a particular race and yachts will be scored as follows:

Finishing Place	Score
First	N
Second	N -1
Third	N -2
Fourth	N -3
Each place thereafter	N Subtract 1 point
DNF, RET, DSQ, DNE score zero (0) but nevertheless get credit for participation in a particular race that will count towards the minimum number of races needed to qualify for the Yearly Class Championship Series.	

ADD:

h. PHRF San Diego may choose to use percentages to determine standings instead of the raw numbers listed in j. above.

Section III - Series Eligibility

A A yacht is entered when it checks-in, in accordance with the event NoR and/or the Sailing Instructions.

B For a race result to count toward the Yearly Class Championship, the skipper must be a current member of PHRF San Diego and

Add:

the

yacht must have a current PHRF San Diego Rating Certificate. Non-members have 30 days after a race to resolve a “non- member” status, and then the race becomes an ineligible series race for that skipper.
