- 2023 Certificates:

from Minutes June 14, 2022

From Chief Handicapper: For 2023 all boats with sub zero ratings along with the boats commonly sailing in CRA Class 1 need to go to ORC. These are the most problematic boats to rate and they just need to do it. Recommend these owners to be advised now that they will not be getting renewed for 2023. – *Ivan Batanov will write a draft letter about this and send it to the board for approval*

from Minutes August 9, 2022

PHRF versus ORC for fastest boats – *Ivan sent notice to all effected boats*

*Fleet Secretary will contact Fleet Chair to confirm the rating at which a VPP certificate is required – that rating will be shown on the web site.*

  - Presentation by Brad Alberts concerning VPP based PHRF ratings – *To be discussed further at next meeting*
- TEMPORARY RATINGS ABOUT TO EXPIRE - *A Temporary Rating may be provided by Chief handicapper in the event a handicap is requested to race in an upcoming race which will take place before a meeting, and the board is unable to vote on the rating (Prior to race). The request should be email approved or voted on at next board meeting to make permanent. In the event at a board meeting where an owner has submitted an application, fees are paid, but the Board believes it does not have sufficient data or information to accurately rate a boat, a Temporary rating may be provided with the understanding the owner should submit race results during the three months to show data, to verify the Temporary Rating. Temporary rating may be adjusted after review of results. In the event the data is not provided the temporary rating will be considered expired at the end of 120 days. A new complete application (Minus Fees) will need to be presented to board to have the boat considered again for a PHRF certificate. The Chief Handicapper may, at his or her discretion, renew the Temporary Rating twice.*
